Sattva Group has launched a residential project, Sattva Bliss. Located close to Budigere Cross, just off Old Madras Road in Bengaluru, the project consists of 1, 2, and 3 BHK apartments set on 3.3 acres of land. Comprising three towers, Sattva Bliss provides everything a family needs to maintain their upscale lifestyle, while remaining in harmony with nature.

Karishmah Siingh, VP, sales, CRM & marketing, Sattva Group, said, "We believe that the location is one of the prominent USPs of the project for it has the potential to become a hub for all-round development, resulting in a high ROI, should one invest in residential assets and earn through rentals."
